

Exhibitor Info No. 12 WORLD OF FIREPLACES, 17 - 19 April 2023

Exhibitor passes, waste disposal, electrical sketches,
visitor registration, traffic guidance system

Dear Sir or Madam,

With this exhibitor information you will receive important details for your trade fair preparation.

Passes for exhibitors and service partners

Each member of staff on your stand requires their own personal exhibitor pass for the duration of the fair. This is free of charge. You must register it by **5 April 2023** and can either print it out or download it to your wallet.

No passes are required during **set-up and dismantling**, neither for you or your service partners.

Waste and disposal

Please let us know which waste disposal option you require to dispose of your

own waste for set-up and dismantling.

You have the following options:

1. **Waste bins** (1.1m³)

Order a residual waste bin with a volume of 1.1m³ if you expect a waste volume of a good 200kg and do not separate into different types of waste. As soon as your bin is full, it will be collected and returned empty (price per emptying 285 EUR). This will be logged and accurately billed after the event. You can reduce your costs by separating your waste on site into e.g. plastic/film, glass, paper, wood, metal - and ordering a separate bin for each (price per emptying 120 EUR).

2.

3. **Container**

Order a container. Here the price is per tonne (720 EUR) - the containers are outside in the courtyard, where you must please take your rubbish independently.

4.

Dismantling: Please note that you must also dispose of your rubbish here and that you will leave your stand **swept clean**. You can place a separate order for the disposal of your carpet (per m² 4,50 EUR) - and save costs here as well.

A detailed invoice will be issued after the event.

Please send us an email to eker@trendfairs.de with the item you would like to book bindingly.
